

## RV DRIVER TRAINING

The program consists of either 1or 2 courses for a total of 10 - 16 clock hours that are designed to provide the student with necessary knowledge, skills and, abilities to inspect and to safely operate an RV or to pull a fifth wheel or towed camper. The program will also equip students with what it takes to operate any classification of non-commercial recreational vehicle that is used by sight-seers, tourists, celebrities and, others.

## Prerequisites

Requirements for this program are that you have at least valid Class D driver's license, current insurance and, an RV or pick-up and camper trailer. Those who are licensed for commercial motor vehicles are invited to enroll also.

## PRE-TRIP SAFETY INSPECTION

Acquiting the skill to inspect, to back-up and, to park these very large vehicles is of utmost importance. You will be shown how to methodically search for and spot potential defects on your RV and/or towed vehicle without having to become a mechanic and it will save you time and money on costly repair bills that occur as the result of untimely roadside breakdowns.

## The Basics

You will learn about safety inspections of big rigs and about the skills that are needed to operate the you'll learn about safety inspections & how to perform them on your RV and, about the skills that are needed to operate them competently, safely and efficiently. Then you will actually do so.

## Hands-on Skills Practice

After learning the Pre-trip, you will actually learn how to park the rig as part of your training, i.e., parallel parking from the driver's side and from the "blind" (i.e. passenger) side of the vehicle. You will learn how to properly use the side mirrors along with safe backing tips used by professional truck drivers to avoid backing collisions. Learning defensive driving techniques used by the professionals on the highways every day, will enable you to become a safer and a savvy RV operator. You will learn what the truckers know and become more adept at "sharing the road".

## Course Completion

Upon completion of the course a certificate of completion will be awarded.

## EXPLORE NORTH AMERICA

Travel the highways of Canada, The United States and Mexico confidently, equipped with peace of mind that derives from knowing how to check over your equipment prior to operating it and to "share the road" with any and all classifications of commercial and non-commercial motor vehicles. Wherever your travels take you; whether it's into the high Sierras, the Rockies, the Cascades, the Ozarks or the desert regions of Arizona and California, the experience will be more enjoyable knowing that your vehicle(s) are road-ready for whatever may come your way. You will become a safer, more efficient and, savvy owner/operator.

## INSTRUCTOR CREDENTIALS

This program is staffed by professional truck driver instructors, i.e., men & women with over 6 million miles of safe driving to their credit.
